Are you looking for activities and resources to assist with soft skills training? Check out the Learning Networks of Ontario's Soft Skills Resources page!

Soft Skills Resources

The Learning Networks have created this site to host resources to build the soft skills of our learners.

We created it to:

- assist LBS programs in documenting what they already do to increase learners' soft skills
- identify community partnerships that show some good practices related to soft skill development
- provide some resources to LBS programs that may want to increase their soft skill programming
